

Schüco Living Slide

Kunststof hefschuifpui, kozijn 194 mm diep, vleugel 82 mm; glas tot 54 mm

Kaderprofiel — bouwdiepte 194 mm

Vleugelprofiel — aanzicht 180 mm

This is a schematic cross-section, built from the measured frame depth, frame width and sightline. The chamber layout, seals and reinforcement are not measured — they come from the supplier's technical drawing.
